

BIRDY AND PALOMA FAITH AT ART ON ICE 2025

Girl power at Art on Ice: singer-songwriter Birdy will enhance the show as a special guest. Superstar Paloma Faith has been secured as the headline act for the 2025 tour. The British chart toppers complete the high-calibre musical line-up. There will be World champions, European champions and audience favourites on the ice. Tickets are available from www.artonice.com.

She wins you over with a crystal clear, soulful voice that gets under your skin. Birdy made it to number 1 in the charts in several countries – at the age of just 14 – with her 2011 debut album. Today, the 28-year-old Brit is one of Europe's most established artists, with five successful albums to her name. The singer, who started writing songs at the tender age of seven, will perform as a special guest at Art on Ice 2025, presenting her hits such as «Skinny Love», «People Help the People» and «Wings».

Pure entertainment with Paloma Faith

The headline act at Art on Ice 2025 has cemented her reputation as a multi-faceted singer and entertainer with several top ten singles such as «Picking up the Pieces» and «Only Love Can Hurt Like This». The British woman developed a strong passion for music and art at an early age. Faith studied performance and theatre direction, performed as a dancer and took part in theatre productions. However, her breakthrough came on the concert stage in 2009, with her debut single «Stone Cold Sober». In February 2025, the 43-year-old will give a very special performance at Art on Ice: «The show is just my thing and represents what I stand for – evoking emotions with various forms of art.» Show producer Oliver Höner is looking forward to the symbiosis of music and top performances on the ice: «We are proud that we have been able to win over two musicians of this calibre for Art on Ice in Birdy and Paloma Faith. We are already at the detailed planning stage with them and are convinced that we can set new creative standards.»

Swiss celebrities, World and European champions

Two major national music stars, namely Marius Bear, 31, whose powerful voice has already earned him international success, and Stress, 47, one of Switzerland's most renowned musicians, will also be performing at Art on Ice. Switzerland's 2023 European Championship bronze medallists Lukas Britschgi and Kimmy Repond will be on the ice, as will four-times Swiss champion Alexia Paganini. The international line-up on the ice is led by world champion Ilia Malinin from the USA. Also taking part are the 2024 European champions Lucrezia Beccari and Matteo Guarise from Italy, the Belgian European champion Loena Hendrickx, the two-time

European champion from France, Adam Siao Him Fa, and the German pairs skaters Minerva Fabienne Hase and Nikita Volodin. Canadian crowd favourite Elladj Baldé, who is committed to diversity in ice skating, will also be performing.
